

WILLMAR ELECTRIC SERVICE
DESIGN ⚡ BUILD ⚡ BEYOND

At Willmar Electric Service we are People Making a Difference for People.

We are looking for relatable people who crave structure and punctuality. Who lives by the “Golden Rule” and is seeking an employer who is going to recognize you for the value you bring to the company and cares about you as a person, not just a number.

We are a design-build Electrical Contractor seeking construction management students who want to experience how a sub-contractor works in the construction industry. Our LEAN philosophy along with our Brand Promise gives the interns a unique look at how a contractor can out-perform the norm of the industry.

If you have the desire to learn and grow, you will have opportunities for advancement with Willmar Electric Service. As we grow and prosper, we want you to grow and prosper with us.

Willmar Electric Service is a 4th Generation Family Owned company who started electrical installation in 1920!

Willmar Electric Service (WES) is accepting applications for a Construction Management Intern in the following areas:

Willmar, MN

Lincoln, NE

Salary: DOE

Job Summary:

This position supports the Project Manager, General Superintendent and Foreman with the oversight, coordination and other duties needed for the successful management of projects.

Essential Functions:

- Support and participate in pre-project and post-project meetings.
- Complete administrative paperwork and reports.
- Attend weekly project planning meetings, as directed by Project Manager.
- Attend and participate in Project Manager and Foremen meetings, as directed by the Project Manager.
- Support the General Superintendent's onsite Planning Rhythm: 3-week plans, task plans, and daily goals.
- Obtain electrical permits and other permits as required.
- Assist Project Manager with project reports, including but not limited to: monthly Cost to Complete; Quality Control Procedures; and development of project schedule.
- Prepare takeoffs and gather information for proposals, change orders, and estimates.
- Maintain project files on tool lists, assured grounding, submittal drawings, punch lists, and other items.
- Demonstrate the ability to adapt to changing priorities or demands, including performing other
- duties for your supervisor, as assigned.

Minimum Qualifications:

- Understand contracts and construction documents
- Ability to work effectively on multiple projects
